WHAT IS ASP?

provided by volunteer students. This also allows students to gain real-world experience with children with Autistic Spectrum Disorder.

AUTISM SHARING & PARENTING'S GOALS:

GOALS

To provide a support system for children with a diagnosis of Autistic Spectrum Disorder and their families.

To educate the under-informed, and culturally diverse, populations of Philadelphia and Montgomery County on a variety of topics including special education law, inclusion, social and community engagement, special needs trust funds, behavioral interventions, healthcare coverage, treatments, therapies and research.

To advocate for Children with ASD and their families.

To increase awareness of autism and autism-related issues in Philadelphia, Montgomery county, and Pennsylvania

AUTISM SHARING & PARENTING

Is a volunteer-run, community-based support group that started in 2003 in parents homes. It has grown to serve dozens of families, meeting twice a month; once in Center City and once in Mt Airy. ASP's focus is on helping parents be both their child's teacher and advocate, by providing speakers and resources to educate, inform and empower parents.

ASP meets monthly at alternating site during the school year.
